EXAMINER'S AMENDMENT

1. An examiner's amendment to the record appears below. Should the changes and/or additions be unacceptable to applicant, an amendment may be filed as provided by 37 CFR 1.312. To ensure consideration of such an amendment, it MUST be submitted no later than the payment of the issue fee.

Authorization for this examiner's amendment was given in a telephone interview with Jodi Hartman on 11/18/2004.

The application has been amended as follows:

In claim 20 line 1, replace "prepaid communications" with --purchasing prepaid communications credit--.

End of Amendment

Allowable Subject Matter

2. Claims 1-38 are allowed.
3. The following is an examiner's statement of reasons for allowance:

Applicant invention is drawn to a method and system for purchasing prepaid communications credit to a user account among a plurality of user accounts, each having a different access code (i.e., PIN). A system receives an origination number and a credit code corresponding to a predefined payment amount for prepaid credit. The system further receives an access code that corresponds to one of the user plurality of accounts. The system credits the corresponding account among the plurality of user accounts that associated with the origination number with the predefined payment amount for prepaid credit.

Prior art of record failed to teach or fairly suggest the system and method for purchasing prepaid communications credit as provided in the claims (see paper filed on July 19, 2004).

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
